Interfaith Power & Light

honors

Grace Episcopal Church North Attleboro

with our "Facility Transformation for Stewardship" Award. In 2001 Grace Episcopal Church initiated three efforts involving aggressive and affirmative stewardship of the resources represented by its physical plant. First, the parish prompted the creation of Grace Middle School, based on the Nativity Prep model and aimed at providing positive and successful educational experiences for children in grades 5 through 8. Second, the parish completely upgrade its heating and domestic hot water systems, installing state-of-the-art boilers, distribution and radiation to ensure the best possible operating effectiveness and efficiency. Third, the parish was awarded a matching grant by the Massachusetts Historic Commission to complete major repairs to the building envelope. Thank you for setting a powerful example of multi-faceted stewardship for the community of faith.

Thomas E. Nutt-Powell
Co-Founder and President

Stephen B. MacAusland
Co-Founder and Treasurer

Signed on this Eighteenth day of November 2002.
