Massachusetts Conference, United Church of Christ

with our **“Denominational Leadership” Award**. At their own 202nd Annual Meeting on June 9, 2001, the Massachusetts Conference of the United Church of Christ passed a Resolution on the Environment and the Church. This resolution stated (in part) that Pastors and lay leaders in the Massachusetts Conference of the UCC would strive to make “individual and congregational actions and choices... needed to defend and heal the earth.”

By joining Massachusetts Interfaith Power & Light, the Massachusetts Conference of the United Church of Christ is taking an important step toward defending and healing the earth as well as setting a powerful example for its member congregations. Thank you for leading the United Church of Christ community, and for other denominational and judicatory bodies in the Commonwealth, in the paths of environmental stewardship.
