Lutheran Home of Worcester

with our "Behold, I'm Doing a New Thing" Award. The Lutheran Home of Worcester took the initiative to apply for a Massachusetts Technology Collaborative grant for a feasibility study, to see how they might be able to become more energy efficient and to look into alternative energy options. As they continue to pursue efficiency and alternative energy options, they are creating a model for other facilities that house elders. Thank you, LHW, for setting a powerful example of environmental stewardship for the community of faith.
