honors

Beth El Temple Center, Belmont

with our “Green Connections” Award. Ecologically concerned congregants of The Beth El Temple Center organized an “Environmental Fair” for the Town of Belmont. They invited locally-based organizations and experts to set up displays on energy efficiency, clean energy, and other sustainability initiatives; then they invited citizens of Belmont to walk through their Temple Hall to learn more. Thank you, Beth El Temple Center, for setting a powerful example of environmental stewardship for the community of faith.
