Interfaith Power & Light

honors

First Parish, Bridgewater

with our "Green Up" Award - congregation. Recently, National Grid made it possible for their electric customers to invest in renewable electricity directly through their utility bills. MIP&L is encouraging houses of worship that are on the residential electrical rate in NGRID territory to make the choice to "Green Up" their electricity. First Parish enrolled in the GreenUp program for its church facility, becoming the first congregation in the Commonwealth to do so. Thank you for setting a powerful example of environmental stewardship for the community of faith.
