

Massachusetts Interfaith Power & Light

honors

St. Paul's Church, Stockbridge

with our "Green Up" Award - congregation. Recently, National Grid made it possible for their electric customers to invest in renewable electricity directly through their utility bills. MIP&L is encouraging houses of worship that are on the residential electrical rate in NGRID territory to make the choice to "Green Up" their electricity. St. Paul's Church enrolled in the GreenUp program for its church facility, and in so doing, they became the furthest-west member congregation of MIP&L. Thank you for setting a powerful example of environmental stewardship for the community of faith.
