

Massachusetts Interfaith Power & Light

honors

Jeffrey I. Steinfeld

with our “Prophetic Voice for Sustainability” Award. Prof. Steinfeld has taught and written extensively at the Massachusetts Institute of Technology for more than 35 years. In addition to his work in pollution prevention and high-sensitivity monitoring techniques, Prof. Steinfeld is also the Education Program Director at the Laboratory for Energy and the Environment at MIT. Amazingly, Prof. Steinfeld has also made the time to serve on the MIT Council on the Environment and the Alliance for Global Sustainability’s Taskforce on Environmental Education. To fill out his days, he is a member of the Union of Concerned Scientists and Vice President of The Boston Synagogue. Thank you, Prof. Steinfeld, for finding the time to deliver the keynote at MIP&L’s 3rd Annual Meeting.
