Interfaith Power & Light

honors

Unitarian Church of Sharon

with our "Wisdom of Solomon" Award. The Unitarian Church of Sharon had already completed an energy assessment through MIP&L membership, and wisely decided to move forward with efficiency upgrades before a catastrophic failure. The congregation replaced its boiler with a much more efficient one, insulated the church, and they are beginning other sustainability projects as well. They were able to procure a good deal of funding from a "Meetinghouse Preservation Fund" that had been in place for some time to take care of the physical structure of this historically significant house of worship. Thank you for setting a powerful example of environmental stewardship for the community of faith.

Thomas E. Nutt-Powell
Co-Founder and President

Stephen B. MacAusland
Co-Founder and Treasurer

Signed on this Eighteenth day of November 2004.
