Massachusetts Climate Action Network (MCAN)

with our “Public Awareness” Award. Mass. Climate Action Network (MCAN) is dedicated to halting the threat of global climate change, through reducing emissions of greenhouse gases, in our communities and the state. Together with Clean Water Action and Massachusetts Interfaith Power & Light, MCAN has undertaken a Public Awareness Campaign in the Commonwealth of Massachusetts, reaching out to let people know about the Clean Energy Choice program and their clean energy options. They are also encouraging and helping municipalities use more clean energy. Thank you for your environmental leadership.
